EMILE SCHOEMANS

MSc Business Engineering | Market Research | Strategy & Business Analytics

Bruges, Belgium • +32 473 76 68 75 • emileschoemans1@gmail.com • linkedin.com/in/emile-schoemans

PROFILE

Business Engineering graduate with experience in cross-border market research, investment prospecting and business analytics. Interested in turning complex evidence into clear recommendations on growth, markets and investment decisions.

PROFESSIONAL EXPERIENCE

FLANDERS INVESTMENT & TRADE - Business Intern, Investment Attraction Sep – Dec 2026

New York, United States

- Researched US market-entry opportunities for Flemish businesses, screening prospective partners, clients and North American investors.
- Developed a venture-capital mapping tool to organise investors with previous investments in Flemish start-ups and support sector-specific investor shortlists.
- Built a research and event-navigation tool for a defence industry event with 780 exhibitors, incorporating company screening and AI-generated questions to prepare business conversations.
- Developing a US company-mapping and lead-scoring tool using web scraping to help identify potential investors and companies considering expansion to Flanders.
- Attended Climate Week NYC and other New York business events, gaining exposure to US industry trends and the investment ecosystem.

SELECTED BUSINESS & ANALYTICAL PROJECTS

CALIFORNIA HOTEL INVESTMENT FEASIBILITY - Ghent University Group project

- Compared 18 California destinations on market demand, competitive supply, pricing and projected investment returns; team recommended a four-star hotel in Coronado, San Diego.

BELGIAN RAIL NETWORK ANALYSIS - Ghent University Group project

- Analysed rail delays, station accessibility and network coverage across 574 Belgian stations; translated data visualisations into operational and infrastructure recommendations.

C2C RESALE PRICING CHALLENGE - Ghent University Group project

- Placed second in a course Kaggle competition, using structured and text-derived features to predict resale prices and understand key pricing drivers.

EDUCATION

GHENT UNIVERSITY - MSc Business Engineering, Data Analytics 2024 – Sep 2026

- Master's thesis with Skeyes: evaluated airport fleet-scheduling decisions using mathematical optimisation and scenario analysis, balancing analytical rigour with operational constraints.

GHENT UNIVERSITY - BSc Business Engineering 2020 – Jan 2025

University of Zagreb - International exchange, Faculty of Economics & Business (Sep 2024 – Jan 2025)

LEADERSHIP & SKILLS

SEA SCOUTS DE BOEKANIERS - Scout Leader & Head Sailing Instructor 2019 – 2026

- Led 15 instructors delivering an advanced sailing programme for 200+ children, coordinating activities and mentoring teams.
